Product description

Cabelcon RG11 Rotary Stripper

• Handy and comfortable stripping tool

• For coaxial cables RG11 up to 10.5 mm outer diameter

• Two blades for simultaneous stripping of the outer and inner conductors in one step

• Both blades are precisely adjustable for different cable types using the key provided with the tool

• Blade spacing preset to 6.5 mm, ideal for crimp and compression connectors

Instructions for Tool Adjustment:

The tool is preset for 10 mm cables.

To test stripping, hold the tool with the adjustment screws facing down. Open the cable guide and insert the coaxial cable from the left. Close the cable guide. Then, rotate the tool around the cable 4-5 times. Open the cable guide, remove the cable, and clean off the insulation debris. The blade for the inner conductor should not damage it, and the blade for the outer jacket should not cut the cable's braid.

If a blade does not cut deeply enough, you can adju …
