Product description

Cavel DG113 – Premium Satellite Coaxial Cable Sold by the Metre

Need a high-quality satellite cable but don't want to buy a complete 100-metre reel? The Cavel DG113 coaxial cable sold by the metre lets you order exactly the length you need, starting from just 1 metre.

This white antenna cable features a 1.13mm solid copper centre conductor, Class A+ screening and low signal attenuation. It is an excellent choice for satellite reception, cable television and digital antenna installations indoors.

Key Features & Benefits

• Sold by the metre: Order only the amount of cable you actually need.

• Solid copper (Cu): Genuine 1.13mm copper centre conductor, not copper-clad steel.

• Class A+ screening: High protection against external electromagnetic interference.

• Low signal attenuation: 27.9 dB per 100 metres at 2150 MHz.

• 75 Ohm impedance: Suitable for satellite, television and compatible cable TV systems. …
